### Description

Solar panel+charge controller. To make solar energy simpler, suitable for the enthusiast as well as the professional user. All the electronics you need are already packed into the rugged waterproof box: a sophisticated MPPT controller capable of boosting the voltage to match with your battery pack. With the ALLinONE solution, panels can be combined simply by connecting them directly to your battery, each one being completely independent from the others, thanks to the integrated charge controller.

### Features:

- Solar panel & charge controller
- robust and waterproof
- flexible
- high efficiency thanks to SunPower™ solar cells
