Description

PRO AM is a new generation of structural furlers for 5 to 12 metre boats designed for “all or nothing” sailing (with sails fully unfurled). The sail is hoisted and hauled thanks to a second swivel called a “halyard swivel”. PRO AM also allows you to strike the sail for wintering, maintenance or just for storage after use.

Features:

- The ideal system for Day Boats, Sports and One Design Boats
- for jib, solent mounted on snap hook or sleeve
- Light and easy to handle
- Sail can be hoisted and lowered
- Possibility to remove easily the halyard swivel only
- Quick fitting and removal for trailer boats
- Profurl system: maintenance-free components mounted in a sealed grease bath

Endless Furling: ProFurl PRO AM Structural Furler

- excellent rotation even under heavy loads
- available in 3 sizes
- Three-year Profurl worldwide limited warranty
- delivery contents: spool, swivel, halyard swivel, plates for tack point, lower & upper toggles with pin
