Description

Boiling water may not be rocket science, but doing it in 100 seconds takes a lot more than rubbing two sticks together. To create the new Flash, we challenged every aspect of our already iconic stove, modeling the combustion and selecting materials to optimize efficiency, speed and precision. The result is our fastest-ever stove: a backcountry cooking system that cuts a full minute off our best boil time. Prepare for liftoff.

Features:

- 1 Liter FluxRing cooking cup with insulating cozy
- New and improved easy on and off vessel connection
- New and improved lid for better fit and function
- New ergonomic design for easy hold and start
- ThermoChromatic, color-change heat indicator
- Convenient, reliable push-button igniter
- Bottom cover doubles as a measuring cup and bowl
- Compatible accessories include Coffee Press, Hanging Kit, Pot Support, FluxRing Fry Pan, FluxRing Cooking Pot and Utensils
