Description

Orspan® is a waterproof breathable fabric with stretch, excellent for all active water sports. The Orspan® composite brings together 3 performance layers allowing you to take your sailing, paddling and boarding to the next level. A high density polyester fabric has a durable water repellent treatment which cuts wind chill. The thin PU inner membrane is both waterproof and windproof allowing you to regulate body temperature. A plush next-to-skin fleece layer maintains warmth and comfort.

Features:

- Soft Inner Fleece for comfort & warmth
- 4-way stretch for maximum flexibility
- Water repellent outer to protect you from the elements
- Breathable
- Durable Membrane that is both waterproof and windproof
- Ultra versatile
- 1mm neoprene panels for extra padding in the seat and knee
