Description

Ideal for day sailing on the coast and inshore, the BR1 Inshore Jacket gives you the wind and waterproof protection you need. Breathable and built with a storm flap over the zip and a fluorescent roll away hood, rain and spray will never be a problem. It is comfortable too, lined with mesh and the collar is lined with fleece for added warmth, you can wear this as easily sailing as you can in the city. It's a style that performs everywhere.

Features:

- PU coated polyamide BR1 fabric for high levels of breathability and durability
- Fluorescent foldaway hood with double adjustment for extra protection
- Double storm flap over YKK® zip for greater protection
- Double Velcro® cuff fastening to prevent water ingress
- Fleece-lined collar and handwarmer pockets for comfort
- Inner security pocket to protect personal items
- Mesh lined for easy donning and speed of drying
- MUSTO prismatic reflectors for increased visibility in low light conditions
