### Description

Synthetic high-performance grease with PTFE solid lubricants specially developed for all kinds of winching and hoisting applications. The solid lubricant provides the ultimate in wear protection and reduces friction. Resistant to seawater and saltwater with excellent adhesive properties. Does not contain resins or acids.

### Features:

- excellent high-pressure and wear protection properties
- outstandingly adherent
- outstanding sea and salt water resistance
- ensures a long service life

**Tube Size:** 100 g

### Intended use:

Ideally suited for winching and hoisting applications with non-ferrous metal pairings and plastic/metal pairings. Powerful adhesive properties and neutral in respect of harmful environmental factors.
