Description

Specifically designed for marine purposes to protect and preserve. Keeps moving parts moving and protects against corrosion and oxidation. Drives out moisture and protects the vessel's entire electrical system. Frees up bolts which have rusted solid and reduces squeaking noises. Neutral acting on plastics, paints, metals and wood.

Features:

- outstanding sea and salt water resistance
- infiltrates and drives out moisture
- releases seized up and rusted on parts
- maintains components in electrical systems
- optimum penetration properties
- good corrosion protection
- environmentally friendly
- does not attack plastics, paints, metals and wood

Can Size: 400 ml

- small spray pipe for precise spraying
- integrated nozzle for extensive application
- sprays overhead

- comfortable hand position

Intended use:

Versatile product for use as a multi-purpose spray. For all maintenance and service work.
