### Description

An advanced combination of comfort and performance. Musto's lightest weight shoe at just 360g. The Dynamic Pro Lite has been designed using an open mesh upper for impressive breathability while an anti-odour treatment delivers total freshness. For exceptional underfoot stability and grip in wet conditions, GripDeck soles have been enhanced by a multi-directional GripFlex outsole. This ensures 360-degree traction. A firm, anatomical fit is delivered through a speed lacing system. Styled in a look that carries itself from the boat to the shore.

### Features:

- Monolite Construction - a one-piece, ergonomic upper for superior comfort
- Speed lacing system: laces lie flat against the shoe for an anatomical comfort fit
- A Grip Deck sole with a sticky rubber compound for sure grip on wet surfaces - non-marking
- Musto outsole, offering Grip Flex stability with Musto pattern sole
- Dynamic Fit one-piece upper construction provides a secure and comfortable closure
- EVA midsole for shock absorption, comfort and protection
- EVA footbed for excellent shock absorption, light weight, salt water resistance and anti-odour
- Closed Cell Technology within the molecular structure of the compound gives anti-microbial protection, odour resistance and an easy-clean surface
