Description

Features:

- Super stretch neoprene is 4mm thick on the body and 3mm on the sides and lower sleeves for maximum freedom of movement
- No underarm seams for complete comfort
- Glideskin neoprene at the neck allows easy donning and removal and adds comfort
- Grid fleece lining at the chest and back for added warmth
- Scooped back hem for added coverage when active
- Seams are ergonomically placed to not cross any stress points for maximum freedom of movement and durability
- Neoprene seam taped internally for an improved seal
- Laser cut cuffs for a comfortable, seamless cuff
- Striking sulphur spring colour on the inside so it looks great even when drying inside-out
