### Description

Sail at high speeds in exceptional comfort. This Flexlite Top has been made from super-stretch 2.5mm neoprene with a 4-way stretch backer for uninhibited movement and exceptional warmth. Seam-free underarms eliminate chafing with perforated panels for complete breathability. Seams avoid high-stress points for superior durability.

### Features:

- Quick-dry grid plush backer at chest and back of body for faster drying times and heat retention
- 2.5mm neoprene for insulation when wet
- Alumin thermal rebound delivers the thermoregulation of 4-layer neoprene
- Stretch neoprene for maximum freedom of movement and a good fit
- No underarm seams for complete comfort
- Seams are ergonomically placed to not cross any stress points for maximum freedom of movement and durability
- Scooped back hem for added coverage when active
- Laser cut cuffs for a comfortable, seamless cuff
