Description

Combining neoprene and spandex features for ultimate performance and comfort, Taura™ is a range of waterwear cut and designed for female paddle professionals. Engineered specifically for women, the Taura™ range combines contemporary shapes with high performance, water friendly materials for superior performance on or in the water. The Neo Tri-Top is a neoprene and spandex hybrid top for women, featuring a neoprene chest panel for insulation and support and a soft yet supportive low profile elastic chest strap for security and comfort.

Features:

- Neoprene chest panel
- Softest 1mm neoprene
- Spandex back panel
- Silky, tough and high stretch for optimised movement

- Smooth low profile chest band
- Superfine non-slip elastic
- Pull on comfort
- Racer back allows freedom of movement
- Wear under your wetsuit
- For extra support
