Description

Hampidjan's DynIce and ropes have frequently been used on some of the highest profile yachts in the world. From the Americas Cup, TP 52 MedCup and Volvo Ocean race yachts to the new breed of super yachts, Hampidjan ropes have given outstanding performance and have become the number one choice among rigging professionals throughout the yachting industry.

An excellent off-the-shelf head sail cable for smaller yachts. This cable has been designed to be used with cone terminals and offers excellent performance and value.
