Description

Antal introduces Sector, the spinning ring with a guiding cover, small in size and low in weight, the perfect solution for high loads where large and fast movements are not required.

The full range includes 4 models with SWL's up to 3.8 tons.

Version without snap loop for your custom fastening applications designs.

In that case the SWL depends on the strength of the fastening but must not exceed Antal values

Size	Model	ø mm	D mm	d mm	L mm	SWL kg	Weight g
S	RS43.08	8	43	8	50	1000	50
M	RS53.10	10	53	12	60	1700	90
L	RS63.12	12	63	15	70	2500	160
XL	RS76.14	14	76	20	90	3800	265

SWL= Safe Working Load depends on the strength of the fastening but must not exceed Antal values
