Description

Endless Furling: Profurl NEXeLite Flying Sail Furler

NEX^eLite is a motorized flying sail furler dedicated to operate large sails like spinnaker, gennaker or code 0 on sailing boats. When sailing short-handed, the operation of large sails on 45 – 60 foot sailboat can be complicated. NEXe aims at easing furling and jibing operations by controlling the sail safely and without effort.

Available in 2 sizes:

- NEX^e Lite 4.0: max sail area 140m²
- NEX^e Lite 6.5: maxsail area 250m²

Features:

- Compact & light system
- Easy to install with new socket
- Reliable & proven technology (NDE2)
- Installation on bowsprit & below the deck
- Motorization kit: to convert a manual furler
- Protection cover with handle& storage bag included
- Easy operations and without effort
- Safety: operations from the cockpit
- Ideal for solo or short-handed sailing
- Fast furling operation (around 45 sec) • Easy to install
- No accidental release of the sail
- Low power consumption & minimal noise • Reliable: Tested in all weather conditions • No maintenance
- 2 year worldwide warranty
