

SEASCAPE 18 SAILING CAMPS

23RD TO 28TH OF SEPTEMBER 2018 (RACE & PLEASURE)

28TH SEPTEMBER TO 3RD OCTOBER 2018 (SAIL & PLEASURE)

ŠIPNATE / KORNATI ISLANDS / CROATIA

Five days of sailing and learning, mornings and evenings on a terrace next to sea, good company, good food, maybe a short tracking to the top of one of the hills around... And more sailing.

We are sailing with sensible and fast Seascape 18 sailing boats. Three or four equal boats, three crew members each. In company of an instructor on a small motor boat. For safety, for small (and not so small) tips, for some video material and pictures. So every day we could do some analyses and learn many new things.

We stay in a house in Šipnate Bay on the island of Kornat, away from civilization. Our host takes care for excellent more or less sea food dinners, for strong breakfasts and a morning coffee.

Theory lessons after breakfast, then we go sailing. Morning part is more technical, afternoon we do more of a pleasure sailing. We organized two camps:

– RACE AND PLEASURE, 23rd to 28th of September

For those who want to get familiar with racing or who want to improve racing skills. Starting techniques, manoeuvres, tactics, fine trimming, crew moving...

– SAIL AND PLEASURE, 28th of September to 3rd of October

For those who want to enjoy in sailing and learn a lot. From basics to gennaker gybing finesse.

KORNATI ISLANDS

With its islands, bays and cliffs the Kornati Islands National park is a stunning place. More than hundred small islands make it a perfect training polygon for sailors. We are on the edge of the open sea, but can still sail in stronger winds, hidden from the open sea waves.

OUR HOUSE

A house with a terrace next to the sea. The terrace is our dining room, classroom and a cosy place for morning coffee and for an evening debate, with a glass of wine.

Just under the terrace is a pier with our Seascapes moored.

ACCOMODATION

Sleeping is possible in rooms with three or four beds, in boats or in a tent in a small olive plantation next to the house.

FOOD

Our host takes care of breakfasts and dinners. Fish and octopuses from local fishermen.
