Beschreibung
Curryklemme Fallen am Mast, Fockschot, etc.

27mm Fastener Spacing, Carbon Fibre Composite Cam

Features:

- Design, materials selection and advanced manufacturing methods combine to deliver superior strength and holding power, light weight and corrosion resistance.
- Cam profile and multi-coil spring minimise line entry and release effort.
- Carbon fibre composite cam material provides maximum resistance to heat and abrasion.
- Unique self-cleaning, self-lubricating slotted bearings ensure consistent high performance even when subjected to high static loads.
